Scrum Alliance · 2022

PROFILE

B2B technology sales professional with eight years driving full-cycle growth across SaaS and enterprise platforms — from cold outreach and pain-point discovery to solution design, negotiation, and closing. Track record of building pipeline from scratch, owning multi-stakeholder cycles, and converting qualified need into signed business. Equally comfortable running a Hunter motion in new territory and partnering post-sale to hand over a clean launch. Native German, fluent English, fully remote-ready from Madrid.

PROFESSIONAL EXPERIENCE

Career Transition & Market Re-entry Madrid, Spain

09/2025 – present

Relocated to Madrid as a strategic base for the European market. Completing B2 Spanish alongside active re-entry into senior GTM and presales roles across the DACH and broader European market.

Deutsche Telekom AG (Group) Stuttgart, Germany

Presales Consultant — T-Systems International GmbH 05/2023 – 08/2025

- Designed and championed a go-to-market strategy for the Hyperautomation portfolio — escalated through four management levels and approved by the CEO for company-wide rollout
- Led commercial discovery and qualification across 80+ customer engagements and 15 scoping workshops in Automotive, Finance and Health — converting early-stage interest into structured enterprise opportunities
- Enabled sales teams across five business verticals and external channel partners to independently position and cross-sell automation solutions — building GTM competence from the ground up
- Established the commercial presales function within a newly formed business unit — defining the GTM model, role profiles, and qualification methodology that became the operational baseline

IT Hunter — Telekom Deutschland GmbH 09/2022 – 02/2023

- Prospected and sold SaaS IT solutions (Microsoft 365, Cisco Webex) to SMB accounts via structured outbound motion; promoted internally to a more demanding presales role at T-Systems after exceeding commercial targets during probation

Ascon Systems GmbH Stuttgart, Germany

Solution Consultant | Strategic Projects 03/2021 – 08/2022

- Conceived and delivered a €250k customer demo lab in collaboration with an external machine builder and a university — became the central anchor for all customer and investor visits; personally led every product demonstration
- Initiated a TISAX certification project — conducted internal gap analysis against automotive information security requirements, creating a roadmap for entry into regulated enterprise accounts

- Introduced Scrum as the development methodology: initiated PSM certification and trained the engineering team

AIT Goehner GmbH Stuttgart, Germany
Technical Sales Engineer — Machine Vision Integration 08/2019 – 12/2020

- Took over a €2M annual portfolio of approx. 100 customer accounts and stabilised revenue through the COVID-19 pandemic — maintaining commercial relationships under significant market pressure
- Commercially owned a full-scope integration project at Bosch from first contact through final installation — confirmed production line utilisation improvement from 72% to over 80%

Amazon FBA Erlangen, Germany
Freelance E-Commerce 01/2019 – 07/2019

- Built an independent e-commerce operation from scratch — product sourcing, branding, marketplace optimisation and commercial management

Cognex Corporation Bamberg, Germany
Technical Sales Engineer — 3D Machine Vision 06/2017 – 10/2018

- Built a newly established sales territory from the ground up — 6–10 customer visits per week over 5 months, closing 3 deals totalling approx. €80k
- Proactively compiled and presented customer feedback to leadership, directly influencing the team's portfolio expansion to the full 3D product range
- Selected for transition to Account Sales Engineer (key account structure) based on demonstrated performance — taking on full strategic portfolio responsibility

EDUCATION

Industrial Engineering — Mechanical Engineering (Dipl.-Ing. FH) 10/2011 – 09/2016
Kempten University of Applied Sciences
Specialisation: Technical Sales & Product Management · Diploma thesis grade: 1.0

Cambridge Certificate in Advanced English (CAE / C1) 09/2016 – 02/2017
ILSC Language College, Vancouver, Canada
